**FORMER CIA DIRECTOR R. JAMES WOOLSEY TO APPEAR ON EMPACT RADIO**  
Members of the media encouraged to participate

Elma, NY – EMPact America announces the return appearance of former CIA Director R. James Woolsey to EMPact Radio, a weekly internet-radio show. EMPact Radio is an outreach of EMPact America, a bi-partisan not-for-profit organization dedicated to educating and protecting the United States from the catastrophic consequences of a natural or nuclear electromagnetic pulse (EMP). Director Woolsey will appear Wednesday August 3, 2011 at 12:00 PM (Eastern time) on [www.empactradio.org](http://www.empactradio.org).

EMPact President, and former CIA analyst, Dr. Peter Vincent Pry hosts the weekly radio show. Dr. Pry said of Woolsey's upcoming appearance: "Director Woolsey has dedicated his professional career to the security of the United States. He has been, and continues to be, instrumental in issues of national security ranging from nuclear arms reduction to electric grid and energy security."

In addition to serving as the CIA Director under President Clinton, Director Woolsey held presidential appointments under four Presidents in both Democrat and Republican administrations. As a delegate to the U.S./Soviet Strategic Arms Reduction Talks (START) and Nuclear and Space Arms Talks (NST) and an advisor for the Strategic Arms Limitation Talks (SALT I), Woolsey's experience is invaluable to understanding the changing face of the nuclear threat today.

Woolsey's appearance will focus on issues related to the threat posed by Iran and North Korea's nuclear weapons programs, and what the US should do about them. He will also address the issue of assistance to Iran from North Korea, Russia and China. Other topics will be addressed based on caller interest: as the show airs live, interested parties are encouraged to call in with questions or comments for Director Woolsey.

Dr. Pry concluded "Director Woolsey's appearance on EMPact Radio is a unique opportunity for any interested party to talk one-on-one with one of the most important figures in the national security and intelligence community."

EMPact Radio airs every Wednesday at noon at [www.empactradio.com](http://www.empactradio.com). Past shows are archived on iTunes. Listeners can call in at (917) 388-4499 or submit questions via email at [radio@empactamerica.org](mailto:radio@empactamerica.org).

Edit Note: A transcript of Director Woolsey's previous EMPact Radio appearance is available by calling (716) 435-7873.
